Junior Cain was committed to continuous self-improvement. He believed in the need constantly to expand his knowledge and horizons order to better understand himself and the world. The quality of life was solely the responsibility of oneself he author of How to Have a Healthier Life through Autohypnosis was Dr. Caesar Zedd, a renowned psychologist and best-selling author of a dozen self-help texts, all of which Junior owned in addition to the literature that he had acquired from the book club. When he had been only fourteen, he'd begun buying Dr. Zedd's titles in paperback, and by the time he was eighteen, when he could afford to do so, he'd replaced the paperbacks with hardcovers and thereafter bought all the doctor's new books in the higher-priced editions. The collected works. The third-floor apartment directly over Enoch Cain's unit had been leased by Simon Magusson, through his corporation, ever since it became available in March of '66, twenty-two months ago. Pity warmed the physician's ascetic face. "You loved your wife very much, didn't you?". The minister had finished. The service was over. No one came to Junior with condolences, because they would see him again shortly, at the Ford dealership buffet. "Even in an infinite number of worlds," Wally objected, "there's no place I was that stupid." The enormous canopy of the oak didn't shelter the lawn beneath it. The leaves spooned the rain from the air, measuring it by the ounce, releasing it in thick drizzles instead of drop by drop. just as Sinatra broke into song again, Junior thought he heard a footstep on the wood floor of the hallway, and the creak of a board. The music masked the sounds of the visitor's approach if, indeed, he was approaching. holding hands as they watched John Wayne in The Searchers, David Niven in Around the World in 80 Days. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Not all of the pins were knocked to the shear line with a single pull of the trigger. Three pulls were the minimum required, sometimes as many as six, depending on the lock. With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex. In a magazine article about the hero, passing mention was made of a restaurant where occasionally the great man ate breakfast. After adjusting the hairpin that held her lace mantilla, Maria passed from the narthex into the nave She dipped two fingers in the holy water that glimmered in the marble font, and crossed herself. Calcimine moonlight cast an arctic illusion over the boneyard. The grass was as eerily silver as snow at night, and gravestones tilted like pressure ridges of ice in a fractured wasteland. Celestina breezed through the open door with Angel. "No vanilla wafers. You'll be up all night with a sugar rush." His patience exhausted, the pianist wrenched his hand out of Junior's grip. He glanced around nervously, certain that they must be the center of attention, but of course the reception guests were lost in their witless conversations, or they were gaga over the maudlin paintings, and no one was aware of this quiet little drama. They could be patient. Their self-denial and sweet anticipation ensured that their lovemaking, when at last they were able safely to indulge, would be shattering in its intensity, like the coupling of mortals raised to the status of demigods by virtue of their passion, its power and purity. "I'm not. I'm just going to be the conscience that Enoch Cain seems to have been born without." "Only for a little while. Then he is joining me at the gallery, and after the show's over, we're having dinner together." Maria's hand tamed, the card turned, and another knave of spades revolved into view, snapped against the table. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident." around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize. He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka. When Agnes and Paul returned from a honeymoon in Carmel, they discovered that Edom had finally cleared out Jacob's apartment. He donated his twin's extensive files and books to a university library that was building a collection to satisfy a growing professorial and student interest in apocalyptic studies and paranoid philosophy. He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit. Two high-quality deadbolt locks. Sufficient protection against the average intruder, but inadequate to keep out a self-improved man with channeled anger. He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them. Because of his blindness and his intellectual gifts, Barty was home schooled; besides, no teacher was a match for his autodidactic skills, nor could anyone possibly inspire in him a greater thirst for knowledge than the one with which he had been born. Angel went to this same informal classroom, and her sole fellow student was also her teacher. They aced the periodic equivalency tests that the law required. Their constant companionship seemed to be all play, yet was filled with constant learning, too. Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble." "I hope it was all right I let him in, Mr. Cain." Sparky had a capuchin's overbite, too. "He told me it was an emergency." Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage. Junior knew that she must be teasing him. Her sense of play was delicious. Such devilry in her scintillant blue eyes, such sauciness. Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago. In fact, though he strained hard to recall their conversations, he could dredge up nothing that Seraphim had said during therapy, as if he'd been stone-deaf in those days. The only things he retained were sensual impressions: the beauty of her face, the texture of her skin, the firmness of her flesh under his ministering hands. From the far end of the table, Agnes said, "For starters, Tom, we all want to hear about the rhinoceros and the other you." For an instant, his attention had been distracted by Vanadium's presentation of his empty hands. Nevertheless, there was no way the cop could have snatched the coin out of the air. From the public hallway on the ground level, stairs led to the upper three floors. He would be able to hear anyone descending long before they arrived. In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number

of words it contained..As hard of head as she was hard of heart, Victoria had not sustained serious brain damage, only a concussion..He also sought a supplier of high-quality counterfeit ID. This proved easier than he anticipated..She hadn't sung since the early-morning hours of October 18, and no other paranormal event had occurred since then. The waiting between manifestations scraped at Junior's nerves worse than the manifestations themselves..As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis..His happy expectation thickened into dread when he spotted the ambulance at the curb. And in the driveway stood the Buick that belonged to Joshua Nunn, their family doctor..At the foot of the bed: a cedar chest. Four feet long, two feet wide, perhaps three high. Brass handles..On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil.."So I drew attention to myself. Raised suspicions. One night, in St. Louis, this rube recognized me from my performing days, even though I'd changed my looks. It was a high-stakes game, but the players weren't high-class. They ganged up on me, beat me, and then smashed my hands, one finger at a time, with a tire iron."..The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..Undiminished antiperistaltic waves coursed through his duodenum, stomach, and esophagus, and now he gasped desperately for air between each expulsion, without much success..Angel, as if in God's own hands, stared with round-eyed wonder at the physician..At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca."..The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary.. "What room has Mrs. Lombardi been moved to?" she asked. "I'd like to ... to see her before I go."..Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth..This was tedious work and might not bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point..In answer, Wally came running with his heavy medical bag, as he was now doctor to some people on the pie route. "The weather's a lot better than I expected, so I went back to change into lighter clothes."..Ursula K. Le Guin..Writing came with reading, and in a notebook, he began to make entries about points of interest in the stories that he enjoyed. His Diary of a Book Reader, as he titled it, fascinated Agnes, who read it with his permission; these notes to himself were enthusiastic, earnest, and charming-but literally month by month, Agnes noticed that they grew less naive, more complex, more contemplative.. 'She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil.'..Junior hadn't suffered a paranormal experience since the early- morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors..-nor cruel, nor hateful, nor envious, nor mean," Phimie recited, "for all these are sicknesses of this fallen world"-.Seraphim White had come to California to give birth to him in or to spare her parents-and their congregation--embarrassment..The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal..exercise. Although they expected him to be dizzy, he had no difficulty whatsoever with his balance, and in spite of feeling a little drained, he wasn't as weak as they thought he was. He could have toured the hospital unassisted, but he played to their expectations and used the wheeled walker..Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes..In her campaign to keep her weight gain to a minimum, anorexia was her ally. She learned to find pleasure in hunger pangs.
