"Now who's being gross?" The morning that it happened, Edom woke early from a nightmare about the roses..Barty rode with his mother in her green Chevrolet station wagon. Because the cakes, pies, and gifts were too numerous to be contained in one vehicle, Edom followed them in his flashier yellow-and-white '54 Ford Country Squire..Maintaining a brutal strangling pressure, Junior turned his head aside, to protect his eyes. He kneed Neddy in the crotch, crunching the remaining fight out of him..From the devil to the sacred and then beyond, Junior drove north on State Highway 160, which was proudly marked as a scenic route, although in these predawn hours, all lay bleak and black. Following the serpentine course of the Sacramento River, Highway 160 wove past a handful of small, widely separated towns..If such a small quantity of crushed ice, taken in a single swallow, might cause..Holding a shaker in each hand, Tom walked them forward, causing them to diverge slightly at first, but then moving them along exactly parallel to each other..WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines.."It's a boy," Joey assured her, as though he had been given a vision. Thick blood sluiced across his lower lip, down his chin, bright arterial blood. "Baby, no," she pleaded..He'd never had a chance to read this to Perri or to benefit from her opinion. Now, as he scanned the lines of his calligraphic handwriting, his words seemed foolish, inappropriate, confused..Grace, having just finished washing a sinkful of dishes, stood monitoring the application of the icing and drying her hands, when the telephone rang. She picked it up, and as she said, "Hello," the front of the house exploded..Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired..In a few instances, when his suspicions were aroused in spite of their denials, Junior tracked down their residences. He observed them in the flesh and made additional-and subtle-inquiries of their neighbors until he was satisfied that his quarry was elsewhere..In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box..Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one."..Lifted from his despair by this exhilarating wrath, Junior turned away from the mirror, looking for the bright side once more. Perhaps it was the bathroom window..THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad..Wait here in the car. Give them time to settle down. At this hour, they would put the kid to bed first. Then Ichabod and Celestina would go to their room, undress for the night..."Don't worry," Celestina told him, "after what we've seen this past week, we're still with you."..Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds.."But you wouldn't be willing to use that skill in the King's service?".This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away..He wasn't entirely sure what all he hoped to find. Perhaps an envelope or a cash box with folding money, which a fleeing murderer would surely pause to take with him. Suspicions might be raised if he left it behind. Perhaps a savings-account passbook..Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town."..The moment that the roof of the car vanished beneath the water, Junior hurried away, retracing on foot the route he had driven. He didn't have to go all the way back to Vanadium's place, only to the dark house where he'd left Victoria Bressler. He had a date with a dead woman..One apartment to the right, one to the left. Junior went to the right, to Apartment 1, where he'd seen the lights come on behind the curtained windows..Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise..It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light shine in a dark room, or find a lost pin by thinking about it, or true up a warped joint by running his hands over the wood and talking to it, that he couldn't see why they made a fuss over such things. But his father raged at him for his "shortcuts," even struck him once on the mouth when he was talking to the work, and insisted that he do his carpentry with tools, in silence..Amused, Wally said, "You artists do love to dramatize-or have I forgotten the San Francisco blizzard of '65?". "I'll come by at eight o'clock for breakfast," Wally suggested. "We have to set a date."..The words of Robert Louis Stevenson, well read, poured another time and place into the room as smoothly as lemonade pouring from pitcher into glass..Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Bavol Poriferan's reputation risen..must either change her mind or commit herself to a more difficult and challenging life than any she had envisioned only this morning..What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream..The round table seated six, but they required only three chairs, because the two brainless friends were a pair of Angel's dolls..Too much had happened in those rooms. They were stained dark with family history, and in the night, when either Edom or Jacob slept under that gabled roof, the past came alive again in dreams..By the time he ordered cr?me brulee for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar?.Agnes was grateful for the speed with which these arrangements were made, but she was also disturbed. Chan's expeditious management of Barty's case resulted in part from his friendship with Joshua, but an urgency arose, as well, during his examination of the boy, from a suspicion that he remained reluctant to put into words. Dr. Morley Schurr, the oncologist, who had offices in a building near Hoag Hospital, proved to be tall and portly, although otherwise much like Franklin Chan: kind, calm, and confident..into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage..As spectacularly busy as the not-yet-dead Jayne Mansfield, Frieda never wore a bra. In 1966, this free-swinging style was little seen. Initially, Junior didn't realize bralessness was a declaration of Frieda's liberation; he thought it meant she was a slut..Behind her, he said, "And is that my gray cardigan? What did you do to my cardigan?". "There's no clear evidence of birth defects, but a

couple tests reveal some worrisome anomalies. We'll know when we see the child." Reluctantly, Jacob finally returned the cards to the packs and admitted to himself that superstition had seized him and would not let go. Somewhere in the world was a knave, a human monster-even worse, according to Maria, a man as fearsome as the devil himself-and for reasons unknown, this beast wanted to harm little Barty, an innocent baby. By some grace that Jacob could not understand, they had been warned, through the cards, that the knave was coming. They had been warned..Eventually she discovered within herself all the light that she needed to find her way through the crucial hours immediately ahead. At last she knew what she must do, but she was not certain that she possessed the fortitude to do it..Sometimes, in his mind, Tom wasn't running along the residential streets of Bright Beach, but along the corridor of the dormitory wing over which he had served as prefect. He was cast back in time, to that dreadful night. A sound wakes him. A fragile cry. Thinking it a voice from his dream, he nevertheless gets out of bed, takes up a flashlight, and checks on his charges, his boys. Low-wattage emergency lamps barely relieve the gloom in the corridor. The rooms are dark, doors ajar according to the rules, to guard against the danger of stubborn locks in the event of fire. He listens. Nothing. Then into the first room-and into a Hell on earth. Two small boys per room, easily and silently overcome by a grown man with the strength of madness. In the sweep of the flashlight beam: the dead eyes, the wrenched faces, the blood. Another room, the flashlight jittering, jumping, and the carnage worse. Then in the hall again, movement in the shadows. Josef Krepp captured by the flashlight. Josef Krepp, the quiet custodian, meek by all appearances, employed at St. Anselmo's for the past six months with nary a problem, with only good employee reviews attached to his record. Josef Krepp, here in the corridor of the past, grinning and capering in the flashlight, wearing a dripping necklace of souvenirs..Wednesday, with a swiftness that confirmed its eagerness to make a deal, the state supplied records on the fire tower. For five years, a significant portion of the maintenance funds had been diverted by bureaucrats to other uses. And for three years, the responsible maintenance supervisor filed an annual report on this specific tower, requesting immediate funds for fundamental reconstruction; the third of these documents, submitted eleven months prior to Naomi's fall, was composed in crisis language and stamped urgent..Foreword."Me, I don't like anything old. This White chick's got a weird thing for old people, old buildings, old stuff in general. Like she doesn't realize she's young. You want to grab her, shake her, and say, 'Hey, let's move on,' you know?." "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident."..Leaving Spruce Hills, Junior thought he was putting distance between himself and his enigmatic enemy, gaining time to study the county phone directory and to plan his continuing search if that avenue of investigation brought him no success. Instead, he had walked right into his adversary's lair.."After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs."..Not one day in anyone's life, so her father taught, is an uneventful day, no day without profound meaning, no matter how dull and boring it might seem, no matter whether you are a seamstress or a queen, a shoeshine boy or a movie star, a renowned philosopher or a Downs syndrome child. Because in every day of your life, there are opportunities to perform little kindnesses for others, both by conscious acts of will and unconscious example. Each smallest act of kindness-even just words of hope when they are needed, the remembrance of a birthday, a compliment that engenders a smile-reverberates across great distances and spans of time, affecting lives unknown to the one whose generous spirit was the source of this good echo, because kindness is passed on and grows each time it's passed, until a simple courtesy becomes an act of selfless courage years later and far away. Likewise, each small meanness, each thoughtless expression of hatred, each envious and bitter act, regardless of how petty, can inspire others, and is therefore the seed that ultimately produces evil fruit, poisoning people whom you have never met and never will. All human lives are so profoundly and intricately entwined-those dead, those living, those generations yet to come-that the fate of all is the fate of each, and the hope of humanity rests in every heart and in every pair of hands. Therefore, after every failure, we are obliged to strive again for success, and when faced with the end of one thing, we must build something new and better in the ashes, just as from pain and grief, we must weave hope, for each of us is a thread critical to the strength-to the very survival-of the human tapestry. Every hour in every life contains such often-unrecognized potential to affect the world that the great days for which we, in our dissatisfaction, so often yearn are already with us; all great days and thrilling possibilities are combined always in this momentous day..Using a false name, claiming that he was an adoptee, Junior made inquiries with several child-placement organizations, as well as with state and federal agencies. He discovered that Wulfstan's story was true: Adoption records were sealed by law for the protection of the birth parents, and getting at them was all but impossible..Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob..He had been warned about this accuracy issue by the thumbless young thug who delivered the weapon in a bag of Chinese takeout, in Old St. Mary's Church. Junior tended to believe the warning, because he figured the eight-fingered felon might have been deprived of his thumbs as punishment for having forgotten to relay the same or an equally important message to a customer in the past, thus assuring his current conscientious attention to detail..of drool. Her eyes rolled, wild with fear, and seemed not to be focused on anything..Agnes leaned forward in her chair: knees together, clasped hands resting on her knees, forehead against her hands..In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby..They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate had made children possible, and he treasured their relationship..Finally wimping out completely, Parkhurst left the room. The heavy door sighed softly shut, silencing the squeak of rubber-soled shoes, the swish of starched uniforms, and other noises made by the busy nurses in the corridor..Not that she ever gave any indication that her brothers were other than a source of pride for her. She treated them always with respect, tenderness, and love-as if unaware of their shortcomings..Angel, busy with a cookie through most of this, licked crumbs from her lips and asked Paul, "Do you have a puppy?." "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?."..If Agnes knew that Jacob had been helping her game, she might never

play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret. Someone named Bartholomew had adopted Seraphim's son and named the boy after himself Junior applied the patience learned through meditation to the task at hand, and instinctively, he soon evolved a motivating mantra that continuously cycled through his mind while he studied the telephone directories: Find the father, kill the son..Halfway home, he heard sirens and saw the beacons of approaching emergency vehicles. He pulled the Suburban to the side of the road and watched as two fire trucks passed, followed by an ambulance..The maniac detective was still on the floor where he had died. The red rose and the gift box occupied his hands..A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all..Her hands shook as she counted out the fare and the tip from her wallet. "I'm scared sick. Maybe you should just take me right back home."..Between new women and needlepoint pillows, he participated in s?ances, attended lectures given by ghost hunters, visited haunted houses, and read more strange books. He even sat for the camera of a famous medium whose photographs sometimes revealed the auras of benign or malevolent presences hovering in the vicinity of her subject, though in his case she could discern no telltale sign of a spirit..Knickknacks and mementos were not to be found anywhere in the house. And until now Junior had seen nothing hanging on the barren walls except a calendar in the kitchen..A cast-bronze figure, fixed to lacquered walnut in want of raw dogwood, suffered above the bed. This crucifix, contrasting starkly with the white walls, reinforced the impression of monastic economy..You struck a discord that can be heard, however faintly, all the way to the farthest end of the universe.....Also in the drawer was a pistol that he kept for home defense. He stared at it, trying to decide whether to go downstairs and make a sandwich or kill himself..All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here..A sense of fellowship in extraordinary times drew everyone closer, to hug, to touch, to share the wonder. For a long moment, even in the symphony of the storm, in spite of all the plink-tink-hiss-plop-rattle that arose from every rain-beaten work of man and nature, they seemed to stand here in a hush as deep as Tom had ever heard..In spite of his dumpy appearance-and especially in the dark, where appearances didn't count-Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people..Over the following hour, as Walter Panglo guided Jacob through the planning of the funeral, Jacob recounted the gruesome details of numerous airliner crashes, shipwrecks, train collisions, coal-mine disasters, darn collapses, hotel fires, nightclub fires, pipeline and oil-well explosions, munitions--plant explosions.....As Wally followed them inside, Celestina grinned at him. "From the car to the living room, all as neat as a well-practiced ballet. We've got a big headstart on this married thing."..Yet the coin was as real as dead Naomi broken on the stony ridge at the foot of the fire tower..Celestina threw down the weapon even before she turned, and as two cops entered the room, she cried, "He's getting away!"..His happy expectation thickened into dread when he spotted the ambulance at the curb. And in the driveway stood the Buick that belonged to Joshua Nunn, their family doctor.."Your mother's an artist. Besides, you wouldn't want to put poor Mrs. Ornwall out of a job, would you?"..Obadiah tossed the pack of cards to Edom, startling him. "Son, you'll have to help me. My fingers have no finesse anymore."..A table candle glowed in an amber glass. To Nolly, in this glimmering light, Kathleen's face was more radiant than the flame..Jacob Isaacson--twin brother of Edom-knew nothing negative about Panglo, but he didn't trust him. If the mortician had been caught prying gold teeth from the dead and carving satanic symbols in their buttocks, Jacob would have said, "It figures." If Panglo had saved bottles of infected blood from diseased cadavers, and if one day he ran through town, splashing it in the faces of unsuspecting citizens, Jacob would not have raisers one eyebrow in surprise..efficiency of a nurse, but as a courtesan might perform the task: smiling enticingly, a flirtatious glimmer in..According to his wristwatch, the time was 9:05 in the morning on this momentous day..Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale-from theater fires to all-out nuclear war-he had a flamboyant imagination second to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes..A deep-set casement window. Two latches on the right side, one high, one low. Detachable hand crank lying on the foot-deep sill. Mechanism socket in the base casing..He'd been invited to a Christmas Eve celebration with a satanic theme, but he hadn't intended to go. The party was not being thrown by real Satanists, which might have been interesting, but by a group of young artists, all nonbelievers, who shared a wry sense of humor..Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot..Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling..The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in-- on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child..But, ah, the heft of the candlestick, the smooth arc it made, and the crack of contact had been as hugely satisfying as any home-run swing that had ever won a baseball World Series..Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room..Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home.
